

JOE DEREUIL ASSOCIATES, LLC

STRUCTURAL ENGINEERS

Structural Engineer

COMPANY: Joe DeReuil Associates

LOCATION: Pensacola, FL

WEBSITE: www.jdstructures.com

POSTED: August 2023

Job Description:

Joe DeReuil Associates, LLC, a structural engineering firm located in Pensacola, FL. We are seeking a Structural Engineer for employment. Under the supervision of Joe DeReuil, P. E., this individual will assist in the structural design of primarily commercial building structures such as hotels, hospitals, condominiums, military facilities, churches, stadiums, multi-family housing, etc. This individual will be introduced to and become familiar with industry leading structural design software. A variety of structural design experience involving concrete, steel and timber elements will provide ample preparation for the P.E. Exam. A limited amount of structural field observations and/or inspections should also be anticipated.

An important area in the development of an engineer is learning to prepare engineering drawings therefore, a significant amount of time will be spent preparing structural plans and details utilizing the Revit BIM platform.

Joe DeReuil Associates offers a great working environment where challenging but rewarding projects can be expected.

Experience and Educational Requirements:

Candidates should have a B.S. in Civil Engineering at time of hire. Having passed the F.E. exam, excellent computer skills, including proficiency in AutoCad and/or Revit, MathCAD, Excel, Bentley's RAM, etc., are highly desired but not mandatory. Candidates should be team players, strong communicators, self-motivated and be willing to eventually manage multiple projects. The ability to conceptually visualize the completed structure is essential.

Salary and Benefits:

Salary is negotiable and will be based on experience level. Benefits are competitive and include company paid health, dental and vision insurance. Long-term and short-term disability are also included. In addition, the position starts with two weeks paid vacation and one week sick leave. Potential retirement and/or profit sharing contributions after establishment are also available.

Please email cover letter and resume to sara@jdstructures.com
